This is a combined synopsis/solicitation for commercial items prepared in accordance with the format in Subpart 12.6 as supplemented with additional information included in this notice. This announcement constitutes the only solicitation; proposals are being requested and a written solicitation will not be issued. The solicitation number is CT1688-04 and is issued as a Request For Proposals (RFP). The solicitation document and incorporated provisions and clauses are those in effect through Federal Acquisition Circular 2001-24. This requirement is a 100% set aside exclusively for small businesses. The North American Industry Classification System code is 333298 and small business size standard is 500. UNICOR, Federal Prison Industries, Inc., intends to enter into a firm-fixed price definite delivery/definite quantity type contract for various equipment. The period of performance for this requirement is 60 days. Delivery is required 30 days after receipt of delivery order.

THE QUANTITY AND LINE ITEM DESCRIPTIONS ARE STATED IN SECTION B OF THE SOLICITATION. (REFER TO SECTION B OF THE SOLICITATION)

Machines are to be set up, sewn off, and tested prior to shipping. All machines shall be complete with table, motor & stand. Packaging of all machines should be, at a minimum, screwed/strapped down to the shipping pallet and shrink wrapped. Each machine shall include a sew-off sample to be evaluated upon delivery of the machine.

THIS REQUIREMENT MAY RESULT IN A MULTIPLE AWARD. THIS IS A BRAND NAME OR EQUAL REQUIREMENT.

The following FAR clauses and provisions apply to this acquisition:

52.204-6, Contractor Identification Number Data Universal Numbering System (DUNS);

52.204-7, Central Contractor Registration;

52.211-6, Brand Name or Equal;

52.212-1, Instructions to Offerors - Commercial;

52.212-2, Evaluation - Commercial Items, Significant evaluation factors are past performance, ability to conform to the specifications, and price. Past performance is significantly more important than cost or price. The Government may make award without discussions - therefore, the offeror's initial offer should contain offeror's best pricing. Tradeoff Process: It may be in the Government's best interest to consider award to other than the lowest priced offeror or other than the highest technical rated offeror. This process may include tradeoffs among cost/price and non-cost factors and allows the Government to accept other than the lowest priced proposal if the perceived benefits of the highest priced proposal are determined to merit the additional cost.;

52.212-3, Offeror Representations and Certifications - Commercial Items, This must be completed and provided with your offer- The document can be downloaded at the following website: <http://www.unicor.gov/procurement/proforms.htm>.

52.212-4, Contract Terms and Conditions - Commercial Items; (PARAGRAPH (D) #DISPUTES#, REPLACE WITH THE FOLLOWING:  
52.233-1 Disputes (October 2003) (DEVIATION)

(a) This contract is not subject to the Contract Disputes Act of 1978 (41 U.S.C.601-613).

(b) All disputes arising under or relating to this contract shall be resolved under this clause.

(c) #Claim# as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. However, a written demand or written assertion by the Contractor seeking the payment of money exceeding \$100,000 is not a claim until certified. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim by complying with the submission and certification requirements of this clause,

## Request For Quote

if it is disputed either as a liability or amount or is not acted upon in a reasonable time.

(d) (1) A claim by the Contractor shall be made in writing and, unless otherwise stated in this contract, submitted within 6 years after accrual of the claim to the Contracting Officer for a written decision. A claim by the Government against the Contractor shall be subject to a written decision by the Contracting Officer.

(2) (i) The Contractor shall provide the certification specified in paragraph (d) (2) (iii) of this clause when submitting any claim exceeding \$100,000.

(ii) The certification requirement does not apply to issues in controversy that have not been submitted as all or part of a claim.

(iii) The certification shall state as follows: #I certify that the claim is made in good faith; that the supporting data are accurate and complete to the best of my knowledge and belief; that the amount requested accurately reflects the contract adjustment for which the Contractor believes the Government is liable; and that I am duly authorized to certify the claim on behalf of the Contractor#.

(3) The certification may be executed by any person duly authorized to bind the Contractor with respect to the claim.

(e) For the Contractor claims of \$100,000 or less, the Contracting Officer must, if requested in writing by the contractor, render a decision within 60 days of the request. For contractor-certified claims over \$100,000, the Contracting Officer must, within 60 days, decide the claim or notify the Contractor of the date by which the decision will be made.

(f) The Contracting Officers decision shall be final unless the Contractor appeals to the Chief, Procurement Branch, UNICOR, Federal Prison Industries within 90 days of the date of the Contractors receipt of the adverse decision. The decision of the Chief, Procurement Branch on a Contractors appeal will be final.

(g) Within 10 days of the Contractors receipt of an adverse Contracting Officers decision on a claim, the Contractor may request, and Federal Prison Industries will participate in, non-binding alternative dispute resolution (ADR) by means mutually acceptable to the parties. Any ADR shall be completed within 60 days of the Contractors request, unless the parties agree to a longer period. A Contractors request for, and participation in, ADR will not toll the 90 day time limit within which to appeal an adverse Contracting Officers decision to the Chief, Procurement Branch.

(h) The Government shall pay interest on the amount found due and unpaid from (1) the date that the Contracting Officer receives the claim (certified, if required); or (2) the date that payment otherwise would be due, if that date is later, until the date of payment. With regard to claims having a defective certification, as defined in FAR 33.201, interest shall be paid from the date that the Contracting Officer initially receives the claim. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury, which is applicable to the period during which the Contracting Officer receives the claim and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.

(i) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under the contract, and comply with any decision of the Contracting Officer.
